THE REAL C.I.A. Lyman B. Kirkpatrick, Jr. Macmillan, \$6.95
Anyone looking for an exposé is in for a big disappointment. The author spent over 18 years in the C.I.A. in such posts as deputy assistant director, inspector general, executive director. When he left for a teaching job, he was number one man in the agency. Using an autobiographical framework, he follows the evolution of the Agency from its foundation through the administrations of General Walter Bedell Smith, Allen Dulles, John Edgar Hoover, and William F. Buckley. He examines McCarthy's campaign against the C.I.A.'s role in the Korean War, the events leading up to Castro, the Bay of Pigs, the U-2 controversy, and the office of the Inspector General, and touches briefly on the student subsidies. ("The Agency has accomplished an important part of its mission and may have outlived their usefulness.") Although he employs numerous anecdotes from his own career, the result is seldom very colorful or man's view of the Agency's careful, competent and controversial, and lets very few ca-
